

For Chemical Emergency Spill, Leak, Fire, Exposure, or Accident Call CHEMTREC Day or Night Within USA and Canada: 1-800-424-9300 Outside USA and Canada: + 1703-527-3887 (collected call accepted) MATERIAL SAFETY DATA SHEET

PRODUCT:	Maxi Shine			MATERIAL SAFETY DATA SHEET	
DISTRIBUTOR: DISTRIBUTORS ADDRESS:	Tile & Floor Care Chemicals 4340 NW 19th Ave Deerfield Beach FL 33064		Telephone: Facsimile: After Hours: Website Address: E-mail Address:	954-968-3445 954-968-2844 561-866-4483 <u>www.tilecare.net</u> enguiries@tilecare.net	
MSDS PREPARED BY: MSDS PREPARATION DATE:	TFC USA 11/15/2016		PREPARER TEL:	954-968-3445	
1. Product Name: Ma	xi Shine				
Intended Use: Chemical Name: Synonyms: Chemical Family: Empirical Formula: 2. Composition / Information on hazardous in	Vinyl Floor Dressing Acrylic Polymer - Emulsion Acrylic Copolymer Acrylic Acid n/a gredients				
Ingredients			10		
Acrylic Polmer 1-Methoxy-2-Propanol	CAS LD₅0 - >5000mg 000107-98-2 >7500mg	g/kg	LC ₅₀ - -		
3. Hazard Identification					
Route of Entry: Skin Contact:	Prolonged or repeated contact may cause dizziness or drowsiness.	cause skin irr	itation. Prolonged skir	n contact with very large amounts may	
Eye Contact: Ingestion:	May cause slight temporary eye irritation. Corneal injury is unlikely. Very low toxicity if swallowed. Small amounts swallowed incidental to normal handling operations are not likely				
-	to cause injury; however, swallowing larger amounts may cause injury.				
Inhalation:	The odor is objectionable at 100ppm; higher levels produce eye, nose and throat irritation and are intolerable at 1000ppm. Anaesthetic effects are seen at or above 1000ppm.				
Emergency Overview:	NOTE TO PHYSICIAN - No specific ar and the clinical condition of the pati		ment of exposure sho	uld be directed at the control of symptoms	
Potential Health Effects: Systematic (Other Target Organ) Effects:	Symptoms of excessive exposure may observed.	be anaesthetic	c or narcotic effects; diz	ziness and drowsiness may be	
Cancer Information: Teratology (Birth Defects):	Did not cause cancer in laboratory animals. Did not cause birth effects in laboratory animals. Has been toxic to the fetus in lab animals only at doses toxic				
Reproductive Effects:	to the mother. In laboratory animal studies, effects on reproduction have been seen only at doses that produced significant toxicity to the parent animals.				
4. First Aid Measures					
Skin Contact:	Flush with plenty of water and remove	e clothing. Seel	k medical advice if rash	develops.	
Eye Contact: Inhalation:	Flush with water and seek medical advice. Remove to fresh air. Seek medical advice if breathing becomes difficult.				
Ingestion:	Give 1 - 2 glasses of water. Induce vomiting and get medical attention.				
5. Fire Fighting Measures:					
Flammable: Means of Extinction: Flashpoint (°C) and Method (oc or cc): Upper Flammable Limit (% by volume): Lower Flammable Limit (% by volume): Autoignition Temperature (°C): Explosion Data - Sensitivity to Impact: Explosion Data - Sensitivity to Static Discharge: Hazardous Combustion Products:	No Suitable for surrounding materials. 31°C (SETA) 1.48% v/v 1-Methoxy-1-Propanol @ 150°C 13.74% v/v 1-Methoxy-1-Propanol @ 150°C Not determined n/a n/a None known. Complete combustion will give Carbon Dioxide and water.				
6. Accidental Release Measures					
Leak & Spill Procedures: Protect People: Protect the Environment: Cleanup:	Isolate area. Keep personnel out of lov Prevent from entering into soil, ditche Contain spilled material if possible. Gr material such as clay or sand. If availal	s, sewers, wat ound and bon	erways and/or groundw d all containers and har	vater. ndling equipment. Absorb with	
7. Handling and Storage					
Handling Procedures & Equipment:	Avoid inhalation of vapor or mists. Pro				
Storage Requirements:	protective equipment. Keep containers Keep containers closed and in a dry pla		i in a dry, cool and well-	-ventilated place.	

Exposure Controls/Personal Protection	
xposure Limits:	
	100ppm TWA - 8 hours for 1-Methoxy-2-Propanol
OSHA PEL:	n/a
ngineering Controls:	Natural airflow; Local exhaust
ersonal Protective Equipment:	Rubber gloves, closed shoes and apron or overalls.
. Physical and Chemical Properties	
hysical State:	Liquid
odor & Appearance:	Neutral; White
dor Threshold (ppm):	Not determined
pecific Gravity	1g/ml
apor Density (Air=1):	Not determined
/apor Pressure (mmHg):	11.5mbar @ 20°C (1-Methoxy-2-Propanol)
vaporation Rate: oiling Point (°C):	Not determined >100°C
reezing Point (°C):	Not determined
H:	Not determined
oefficient of Water/Oil Distribution:	Not determined
olubility in Water:	Soluble
0. Stability and Reactivity	
hemical Stability:	Yes - Avoid hot, humid conditions
ncompatibility with Other Substances:	Yes - Strong organic acids and alkalis, oxidizing agents.
eactivity:	Not available
azardous Decomposition Products:	Acrylic monomers
1. Toxicological Information:	
ffect of Acute Exposure:	Single dose oral toxicity is considered to be extremely low. The oral LD_{50} for rats is 7200mg/kg for the
	1-Methoxy-2-Propanol. Swallowing small amounts of product under normal operations are not likely to cause
	injury.
ffects of Chronic Exposure:	n/a
rritancy of Product:	LD_{50} for skin absorption in rabbits is CA 13000mg/kg for the 1-Methoxy-2-Propanol. Prolonged skin contact
	under normal conditions is not likely to cause injury.
kin Sensitization:	None reported
espiratory Sensitization:	High levels may produce nose and throat irritation.
Carcinogenicity:	
ARC ((1, 2A or 2B):	No
CGIH (A1, A2 or A3): eproductive Toxicity:	No
eratogenicity:	No
mbryotoxicity:	No
Autagenicity:	No
lame of Synergistic Products/Effects:	None known
2. Ecological Information:	
quatic Toxicity:	Bioconcentration potential is low. Potential for mobility in soil is very high (Koc between 0 and 50). Henry's Law
	Constant (H) is estimated to be 1.40E-06 atm-m3/mole for the 1-Methoxy-2-Propanol.
roducts of Biodegradation:	n/a
oxicity of the Products of Biodegradation:	n/a
3. Disposal Considerations:	
Vaste Disposal:	Coagulated emulsion by addition of Ferric Chloride and Lime. Remove the clear supernatant and flush to a chemical sewer. Landfill or incinerate the remaining solids in accordance with local or state regulations.
4. Transport Information:	
pecial Shipping Information:	
IN:	Not regulated
DG:	Not regulated
DOT]:	Not regulated
IMO]:	Not regulated
ICAO]:	Not regulated
5. Regulatory Information:	
WHMIS Classification]:	Not classified
OSHA]:	Not classified
SERA]:	Not classified
TSCA]:	Not classified
6. Other Information:	
6. Other Information: urther Information:	The information supplied in this Safety Data Sheet is designed only as a guidance for the safe use, storage and
	The information supplied in this Safety Data Sheet is designed only as a guidance for the safe use, storage and handling of the product. This information is correct to the best of our knowledge and belief at the date of
